A woman with long brown hair tied in a ponytail with a red bow is painting a wall with a blue roller. The wall is partially painted blue and partially white. The scene is overlaid with a semi-transparent red rectangle containing white text.

Our Company

As a prominent manufacturer and exporter in the sector with the well-known brand name of VISTA in India, the fastest growing brand in the paints and chemical sectors, Sbtc Paints was founded in 2009 as a manufacturer of paints and chemicals. Since its founding, the company has been dedicated to offering premium wood coating and undercoats, nc paint, pu coating, enamel paints, stain, and other chemicals products like thinner and construction chemicals in line with the most demanding markets at cheap prices.

We offer a full selection of construction chemicals that can effectively and affordably meet all the demands and problems of contemporary construction.

Mission: To deliver the greatest products and services possible.

The goal is to dominate the wood coating, undercoating, and construction chemicals industries.

CONSTRUCTION CHEMICAL

ARTISTRY WITH DURABILITY AND RELIABILITY

A collection of assured quality adhesive and grouts for tiles and stones.

A pioneer in the area of tile adhesive manufacturing, Vista has a complete range of products for various tile applications and care. From fixing tile-on-tile, fixing new tiles, different shades of grout for filling tile joints to tile cleaners. The range includes various adhesive that can be used for high strength bonding of tiles on various surfaces like marble, glass, granite and stone.

We know the importance of using the right type of grout with correct ancillary products and have designed a wide range of solutions that perfectly complement any and every tile and surface.

Our world class range of products includes more than just tile-fixing applications. They allow architects and builders to sit back in the assurance of a flawless execution of thier vision.

VISTA TILE ADHESIVE (V307)

GENERAL PURPOSE TILE ADHESIVE FOR INTERNAL USE
(Features, Benefits & Advantages)

- High strength polymer modified cement adhesive
- Easy to mix with water & easy application process
- Single component, cement based thin set tile adhesives for internal dry area

For installation of tiles on floors and walls

- To install tiles on cement-based substrates like cement plaster, cement concrete, cement screed etc
- For all types of ceramic tiles

COVERAGE

- Approx. 45 to 50 Sq.ft. per 20 Kg pack, using 6mm * 6mm square notched trowel for a bed of 3mm
- Coverage will depend on the nature and flatness of the surface and the method of application
- For good coverage, it is must that all surfaces are smooth, plumb, level and free from defects and undulations

VISTA TILE ADHESIVE (V315)

GENERAL PURPOSE TILE ADHESIVE FOR VITRIFIED TILE
(Features, Benefits & Advantages)

- High strength polymer modified cement adhesive
- Easy to mix with water & easy application process
- For installation of tiles on floors and walls
- To install tiles on cement-based substrates like cement plaster, cement concrete, cement screed etc
- For all types of ceramic tiles & vitrified tiles
- Can be used for tile on tile applications

COVERAGE

- Approx. 45 to 50 Sq.ft. per 20 Kg pack, using 6mm * 6mm square notched trowel for a bed of 3mm
- Coverage will depend on the nature and flatness of the surface and the method of application
- For good coverage, it is must that all surfaces are smooth, plumb, level and free from defects and undulations

VISTA TILE ADHESIVE (V325)

HIGH STRENGTH POLYMER BASED TILE ADHESIVE
(Features, Benefits & Advantages)

High polymer based thin set adhesive for both Internal & External Floor & Wall

For installation of ceramic/ clay/ vitrified/ basalt/ and porcelain/ all natural stone tiles

Good underwater shear bond allows this product be to used for wet areas like swimming pools, sauna, water bodies and washrooms

To install tiles on to various substrates like:

Concrete Masonry, VDF/ Trimix Concrete, Cement Mortar Beds, Cement Plaster, Existing Vitrified Tile & Ceramic Tile, Brick Masonry, Cement Terrazzo and Existing Natural Stone

COVERAGE

Approx. 45 to 50 Sq.ft. per 20 Kg pack, using 6mm * 6mm square notched trowel for a bed of 3mm

Coverage will depend on the nature and flatness of the surface and the method of application

For good coverage, it is must that all surfaces are smooth, plumb, level and

VISTA TILE ADHESIVE (V335)

ADVANCED MULTIPURPOSE TILE ADHESIVE
(Features, Benefits & Advantages)

- Highly flexible & high strength with polymer modification for both Internal & External Floor & wall
- Water resistant, non-sag & non slump formula for large format tiles in walls and floors system
- Can be used for highly diversified uses, material and surfaces

COVERAGE

- Approx. 45 to 50 Sq.ft. per 20 Kg pack, using 6mm * 6mm square notched trowel for a bed of 3mm
- Coverage will depend on the nature and flatness of the surface and the method of application
- For good coverage, it is must that all surfaces are smooth, plumb, level and free from defects and undulations

VISTA GROUT ADMIX

WITH WATER REPELLANT TECHNOLOGY
(POLYMER ADDITIVE)
FOR USE WITH CEMENT BASED GROUTS

DISCRIPTION:

Tile vista grout admix is polymer based liquid admixture specially designed for use in combination with Vista Grout Admix it improve the performance of cement grout.

FEATURES & BENEFITS:

Colour Fast, Flexible, Compressive Strength Shock and Chemical Resistance, Reduced Water absorption, Easy to Clean.

VISTA TILE CLEANER & FLOOR SHAMPOO

TILE CLEANER FOR DIRT & STAIN
(Features, Benefits & Advantages)

- Fast acting acid-based cleaner
- For regular cleaning of dirt and stains on tile surfaces
- Easy to use, Ready to use & fast acting
- For interior & exterior cleaning applications of Tiles surfaces
- Substrate All Unglazed Ceramic Tile, Glass Tile, Vitrified Tile, Glass Mosaic Tile, Glazed Ceramic Tile, Porcelain Tile

VISTA TILE GROUT

UNSANDED CEMENTATIOUS POLYMER TILE GROUT
(Features, Benefits & Advantages)

Good bond strength

Water and shock resistant

Colour fast

Suitable for both Interior, Exterior, Floor& Wall joint width of upto 3mm

Easy application and clean up

Easy maintenance

Non-cracking & non-shrink

Designed for grouting glazed wall tiles, porcelain tiles, mosaic, vitrified

& fully vitrified & fully vitrified tiles, natural and engineered stones

VISTA EPOXY GROUT

STAINFREE & HIGH PERFORMANCE EPOXY TILE GROUT
(Features, Benefits & Advantages)

- We provide immense range of epoxy which helps in concrete and gives a dapper look to your marbles and flooring.
- Good bond strength
- Water and shock resistant , stain free , non cracking
- Colour fast
- Suitable for both Interior, Exterior, Floor& Wall joint width of 3mm to 10mm
- Easy application , clean up and hygienic
- For interior & covered exterior floor and wall joints

WOOD COATINGS

Vista has marked some major milestones in the history of coating for wood in India. Low environmental impact, aesthetic and stupendous qualities and high performance at affordable prices. **Wood Coating** have always been a cornerstone of our product range and it ranges from basic wood polishing needs to advanced wood coating solutions.

Our product cover the entire spectrum of wood coating process like preparation of wood, sealing, tinting, and top coats. Products targeted at mass market of wood coatings consists of anti-termite treatment, wood fillers, sanding sealer, stains, NC paints and Melamine and PU top coats in single as well as two component system. Apart from coating wooden furniture, many of these products are also used by handicraft units.

SANDING SEALER- VISTA Sanding sealer is used as an added layer of protection on the wood and to create a smooth finish by filling wood pores. Using sanding sealer on wood products creates a strong & long lasting smoother finish. This semigloss quick drying sealer renders very outstanding filling properties shortly after application and is suited for all type of wooden furniture. Good Shine Nitro Sealer is lead free item.

NC PAINTS: VISTA Nitrocellulose paint is a combination of rich solvents which helps in thinning the paints to desired viscosity. It also accelerates the flow and smoothen the film. It protects the paints from getting decayed. It has excellent compatibility with Nitrocellulose Lacquer and all other N.C. base items. Good Shine's NC Paints keeps the applied products smooth. It is available in the shades of White, Maroon, P.O. Red, Golden Yellow, Oxford Blue, Phiroza, Medium Brown, Dark Brown, Aluminium, Red Oxide and Black.

T.T. CLEAR: VISTA T.T. Clear is a Nitro Cellulose based fast drying transparent lacquer. It is a suitable for interior Wooden furniture. T.T. Clear wood finish. Application of Good Shine sanding sealer gives desirable results when applied prior to T.T. Clear Good Shine Nitro Glossy/Matt Lacquer finish is a lead free products.

WOOD FILLER: VISTA Wood Filler is an eco friendly, non toxic water based unique product. It is available in various shades of all color and is used to fill grain, cracks knots or any other undesired blemishes on the wooden surface.

NC PUTTY: We are providing Good Shine's Nitro-cellulose putty which offers very fine and soft sanding properties soon after application. Good shine's NC Putty is easy to apply with quick drying feature and gives excellent finish.

WOOD STAIN: VISTA Wood Stainer is a Self drying stainer which is available in multiple shades such as: Walnut, Rose Wood, Teak Wenge, Black Oak Yellow and Red Brown. With the help of Good Shine's Wood clear, the Grains & the characteristics of the wood remain unchanged keeping wood naturality intact. It is a fast drying solvent base with transparent dyes and free of lead product thus becoming eco friendly & internationally accepted products.

PU CLEAR: VISTA PU. Clear/PU Matt/PU Sealer is a high performance transparent two component polyurethane wood finish, which is a weather resistant and quick drying. It gives excellent result when applied on interior and exterior of natural wood & wood veneer. The natural beauty of wood can be preserved for years as good shine's PU. Clear has non yellowing property also. It should be stored at ambient conditions in well ventilated location and away from source of ignitions and fire. It should not be drained and disposed in land filling.

MELAMINE: VISTA Melamine is an acid curing 2- pack transparent Glossy/ Matt/ Semi Matt Sealer clear for transparent coating. It is mainly used for long lasting protection and also gives a highly natural looks to the furniture. Melamine, with non yellowing property, is resistance to oil & food beverage stains thus maintaining natural beauty of wood for years.

ENAMEL PAINTS: VISTA Enamel paints is solvent based Enamel system will provide greater resistance to wear and tear along with superior flow and leveling. It is available in all shades.

THINNER: VISTA NC Thinner, Vista PU Thinner, Vista Melamine Thinner all are heavy rich solvent based reducing agent that provide required viscosity to paint, maintaining a smooth flow of fluid and protecting the paint from decaying.

VISTA ACRYLIC WASHABLE DISTEMPER

Description – vista Acrylic washable Distemper is a water-based acrylic
